Thank you for participating in Understanding Society. This interview is completely voluntary, if we should come to any question that you don't want to answer, just click to continue on to the next question.

Due to the coronavirus/Covid-19 pandemic, we know that life has changed a lot for everyone in the country. When you are answering the survey, we would like you to answer according to your circumstances now, even if these are not normal.

There will be a short section about the effect of the coronavirus on your health, and we have updated some of the response options in the questionnaire to reflect recent changes. However, one of the strengths of the survey is asking a common set of questions each year, to look at how people's lives have changed.

To get a better measure of short-term changes in our lives, we have started a monthly Coronavirus Study, which goes into more depth about the effects of the Covid-19 pandemic on our lives, and you may have received an invitation to take part in this study as well.

There may have been some changes in your household. {if ff_all_moved = 1 | ff_suspsplit = 1 | ff_all_moved = 2} Are you normally resident at this address?

Compute INCLUD = 1 if CLSTAT = 5

Text

In **Understanding Society**, we would normally include someone away at boarding school {if CLSTAT = 4} / working away from home {if CLSTAT = 2} as part of this household if it is their main residence. Is this the main residence for [leaver's name{ff_firstname}], even if they are now somewhere else?

Options

1	Yes	Yes
2	No	No

Help

By main residence we mean sharing living accommodation or sharing at least one meal a day (including breakfast), and expecting to be resident at this address for a period of at least six (6) months.

Use

If (CLSTAT = 5) Compute INCLUD = 1;

Else: Ask ;

Text

Since personal circumstances can change over time, we would just like to check some important information.
 What is [NAME]'s / [CNAME]'s / [ff_firstname]'s / [your] legal marital status?

Interviewer Instruction

CODE FIRST THAT APPLIES

RECORD **LEGAL** MARITAL STATUS EVEN IF E.G. DIVORCED BUT COHABITING IN CURRENT HOUSEHOLD**Showcard**

TBC

Options

1	Single and never married or never in a legally recognised Civil Partnership	Single, nvr marr/civ p
2	Married	Married
3	A Civil Partner in a legally recognised Civil Partnership	Civil Partner (legal)
4	Separated but legally married	Separated legally marr
5	Divorced	Divorced
6	Widowed	Widowed
7	SPONTANEOUS: Separated from Civil Partner	Sep from Civil Partner
8	SPONTANEOUS: A former Civil Partner, the Civil Partnership legally dissolved	A former Civil Partner
9	SPONTANEOUS: A surviving Civil Partner (partner having died)	Surviving Civil Partner

Help

The aim is to obtain legal marital status, irrespective of any de facto arrangement. The only qualification to this aim is that you should not probe the answer 'separated'. Should a respondent query the term, explain that it covers any person whose spouse is living elsewhere because of estrangement (whether the separation is legal or not). Ignore temporary absences, e.g. on oil rig.

A person whose spouse has been working away from home for over 6 months, e.g. on a contract overseas or in the armed forces, should still be coded as married and living with husband/wife if the separation is not permanent.

Mixed Mode Alternatives**Telephone Interviews****Interviewer Instruction**

READ OUT

CODE FIRST THAT APPLIES

RECORD **LEGAL** MARITAL STATUS EVEN IF E.G. DIVORCED BUT COHABITING IN CURRENT HOUSEHOLD**Delete**

Showcard

Web Interview**Scripting Notes**

If mode is CAWI, show categories 7, 8 and 9 on screen without SPONTANEOUS

Options

1	Single and never married or never in a legally recognised Civil Partnership	Single and never married or never in a legally recognised Civil Partnership
2	Married	Married
3	A Civil Partner in a legally recognised Civil Partnership	A Civil Partner in a legally recognised Civil Partnership
4	Separated but legally married	Separated but legally married
5	Divorced	Divorced
6	Widowed	Widowed
7	Separated from Civil Partner	Separated from Civil Partner
8	A former Civil Partner, the Civil Partnership legally dissolved	A former Civil Partner, the Civil Partnership legally dissolved
9	A surviving Civil Partner (partner having died)	A surviving Civil Partner (partner having died)

Help

*This should be the **legal** marital status, for example if divorced but now living with someone else as a couple, the **legal** marital status should be 'divorced'. *If a partner is temporarily away but will be returning, (e.g. working away in the army or on an oil rig) the **legal** status should be

recorded, for example 'married' rather than 'separated'.

Text

This interview is completely voluntary, if we should come to any question that you don't want to answer, just let me know and we'll go on to the next question.

Due to the coronavirus/Covid-19 pandemic, we know that life has changed a lot for everyone in the country. When you are answering the survey, we would like you to answer according to your circumstances now, even if these are not normal.

There will be a short section about the effect of the coronavirus on your health, and we have updated some of the response options in the questionnaire to reflect recent changes. However, one of the strengths of the survey is asking a common set of questions each year, to look at how people's lives have changed.

To get a better measure of short-term changes in our lives, we have started a monthly Coronavirus Study, which goes into more depth about the effects of the Covid-19 pandemic on our lives, and you may have received an invitation to take part in this study as well.

Text

Does your household own this accommodation outright, is it being bought with a mortgage, is it rented or does it come rent-free?

Options

1	Owned outright	Owned outright
2	Owned/being bought on mortgage	Owned/being bought on mortgage
3	Shared ownership (part-owned part-rented)	Shared ownership (part-owned part-rented)
4	Rented	Rented
5	Rent free	Rent free
97	Other	Other

Help

Shared ownership includes co-ownership and equity sharing schemes: a share in the property is being bought. The occupier may never become the sole owner of the property but will receive a cash sum on leaving the scheme. Where accommodation is owned or part-owned by ex-spouse or separated spouse treat as 'owned' (code 1). Do not count as rent-free cases where a rent would normally be paid but the whole amount is rebated (or paid direct to the landlord by the DWP through benefit payments). Code people who live in rent free accommodation owned by relatives as 'rent free'. If rent is paid for them by a relative or charity this should be recorded as a regular receipt in the finance grids.

Mixed Mode Alternatives**Web Interview****Help**

Is your mortgage or loan ...

Interviewer Instruction

READ OUT

Options

1	A repayment mortgage or loan	A repayment mortgage or loan
2	An endowment mortgage	An endowment mortgage
3	Part repayment and part endowment	Part repayment and part endowment
4	Interest only	Interest only
5	Part interest only and part repayment	Part interest only and part repayment
6	Flexible mortgage	Flexible mortgage
97	Or some other type of mortgage or loan?	Or some other type of mortgage or loan?

Help

An endowment mortgage has a long term insurance policy attached which pays off the original loan. Do not count as endowment policies mortgages with a 'mortgage protection policy' which is life insurance only. A repayment mortgage is a straightforward loan where the borrower(s) repay capital and interest together.

Help

Give the people actually responsible to landlord for rent. With adult sharers establish if there is a joint tenancy in the names of all members of the household, or if it is just one or two person's names, with the others paying their share of the rent to the legal tenants. If rent-free, give number of individuals responsible for the rent-free occupancy by virtue of job or family position.

Mixed Mode Alternatives**Web Interview****Text**

In whose name is this accommodation rented? This is the person responsible to the landlord for the rent. If there is a joint tenancy, record all those responsible.

Help

If the accommodation is rent-free, record the people responsible for the rent-free occupancy by virtue of their job or family position.

Use

Was any Housing Benefit such as a rent rebate or rent allowance deducted from the last rent payment?

Options

1	Yes	Yes
2	No	No

Help

Both rent rebate and rent allowance are forms of housing benefit. If the recipient is in council accommodation they will receive a rent rebate i.e. pay a reduced rent. But if the respondent is renting privately then a rent allowance will be paid either directly to the recipient or to the recipient's landlord.

Mixed Mode Alternatives

Help

Direct Debits give a company permission to take money from your bank account on an agreed date. You tell your bank or building society to let an organisation take money from your account. The organisation can collect however much you owe them and so often vary from time to time. Sometimes fuel or electricity companies will agree with you to take a fixed amount regularly by direct debit though they are free to alter this amount. You will be notified in advance how much will be taken from your account.

Standing orders give the bank an instruction to pay an exact amount to another account regularly. You determine the amount regularly paid.

4	D £91001 - 123000	WALES Band D
5	E £123001 - 162000	WALES Band E
6	F £162001 - 223000	WALES Band F
7	G £223001 - 324000	WALES Band G
8	H £324001 - 424000	WALES Band H
9	Household accommodation not valued separately/included in rent	N/A
10	I £424001+	WALES Band I

Help
This question refers to the Council Tax valuation bands, not the market value of the respondent's house. Please ask them to check their Council Tax bill if possible. Many renters may not know the band if it is included in their rent. Code these as 'Don't know'. If the household accommodation is not valued separately e.g. a granny flat or a bedsit, code 9.

Mixed Mode Alternatives

Web Interview

Text

Which Council Tax band is this accommodation in?

The bands run from Band A to Band H. *{if HHGRID.region = 1|3}* / The bands run from Band A to Band I. *{if HHGRID.region = 2}*

Help

This question refers to the Council Tax valuation bands, not the market value of the house. Please check the Council Tax bill if possible. If the property is rented and the Council Tax band is not known, record 'Don't know'. If the household accommodation is not valued separately e.g. a granny flat or a bedsit, record as 'Household accommodation not valued separately'.

HAND OVER THE GDPR SHOWCARD AND ALLOW PARTICIPANT TIME TO READ IT

Text

Thank you for taking part in Understanding Society. This important social science study is managed by the Institute for Social and Economic Research (ISER) at the University of Essex.

ISER is the data controller for the study. The fieldwork for the study is contracted to Kantar Public and NatCen Social Research, who act as the data processors. Your personal details are only used so that we can send you information on how the survey is being used by researchers, and so that we can send an interviewer to you each year. These details are **never** made available to researchers or to any other companies who might use them for marketing purposes. You have the right at any time to withdraw from the survey.

For more information about your rights under the General Data Protection Regulations (GDPR) please read this showcard. {if ModeType = 1}

This interview is completely voluntary, if we should come to any question that you don't want to answer, just let me know and we'll go onto the next question.

Due to the coronavirus/Covid-19 pandemic, we know that life has changed a lot for everyone in the country. When you are answering the survey, we would like you to answer according to your circumstances now, even if these are not normal.

There will be a short section about the effect of the coronavirus on your health, and we have updated some of the response options in the questionnaire to reflect recent changes. However, one of the strengths of the survey is asking a common set of questions each year, to look at how people's lives have changed.

To get a better measure of short-term changes in our lives, we have started a monthly Coronavirus Study, which goes into more depth about the effects of the Covid-19 pandemic on our lives, and you may have received an invitation to take part in this study as well.

Text

Thinking back to when you were 14 years old, was your father working at that time?

Options

1	Father working	Father working
2	Father not working	Father not working
3	Father deceased	Father deceased
4	Father not living with respondent so don't know	Father not living with respondent so don't know

Help

If at age 14 you were not living with your natural father, record the occupation(s) of your 'father figure' e.g. step or adopted father or guardian. If you were in institutional care (e.g. an orphanage or council home) still tell us about your father's occupations if he was alive, otherwise code appropriately if your father was deceased.

Mixed Mode Alternatives

Web Interview

Options

1	Father working	Father working

And was your mother working when you were 14?

Options

1	Mother working	Mother working
2	Mother not working	Mother not working
3	Mother deceased	Mother deceased
4	Mother not living with respondent so don't know	Mother not living with respondent so don't know

Help

If at age 14 you were not living with your natural mother, record the occupation(s) of your 'mother figure' e.g. step or adopted mother or guardian. If you were in institutional care (e.g. an orphanage or council home) still tell us about your mother's occupations if she was alive, otherwise code appropriately if your mother was deceased.

The next few questions are about tasks that some people may need help with and about help that you may have received in the last month. Please think only about help you need because of long-term physical or mental ill-health, disability or problems relating to old age.

For each task, I'd like you to tell me which option applies to you.

Do you usually manage to get up and down stairs or steps...

SCPayReA and SCPayReB constitute flags to indicate the type of care arrangement about which payment of care questions will be asked. There are two sets of payment for care questions to reflect that payment information will only be obtained about two types of arrangements. The care arrangements to be queried will be prioritised as follows:

First priority is whether the respondent receives formal care arranged by a local authority/council/etc...(any HelpCode11 - HelpCode18 where LAHelp = 2|3), SCPayReA (but never SCPayReB) should be coded 1 and the full set of care providers thus arranged should be queried at the same time in items AnyPayA through LAFreqA with a textfill that lists the entire set thus arranged.

Second priority is home care worker/home help/ personal assistant NOT arranged via local authority/council/etc...(HelpCode11 & LAHelp = 1), SCPayReA, or SCPayReB if SCPayReA = 1, should be coded 2 and items AnyPayA through LAPayA plus DPPayA to NoPayA, OR AnyPayB through LAPayB plus DPPayB to NoPayB should be asked with text fill specific to that type of care.

Final priority, any other formal care not arranged by local authority/council/etc...(HelpCode12-HelpCode18 where LAHelp = 1), SCPayReA, or SCPayReB if SCPayReA = 1 | 2, should be coded 3 and items AnyPayA through LAPayA plus DPPayA to NoPayA, OR AnyPayB through LAPayB plus DPPayB to NoPayB should be asked with a text fill that lists the entire set of care providers thus arranged.

No qualifying care providers, SCPayReA or SCPayReB should be coded 4.

The "B" set of questions are only asked if they need to be, whereas the "A" set of questions are always asked, unless there are no qualifying care providers at all.

Use

If (any HelpCode11-HelpCode18 Where LAHelp = 2 | 3) Compute SCPayReA = 1;
 Else If (HelpCode11 & LAHelp = 1) Compute SCPayReA = 2;
 Else If (any HelpCode12-HelpCode18 Where LAHelp = 1) Compute SCPayReA = 3;
 Else If (No Qualifying Care Providers) Compute SCPayReA = 4;

Text

Is there anyone living with you who is sick, disabled or elderly whom you look after or give special help to (for example, a sick, disabled or elderly relative, husband, wife or friend etc)?

Options

1	Yes	Yes
2	No	No

Help

Occasionally a person may not think of the care they provide as special because they either may have been looking after this person for a long time or because they view it as a natural obligation to look after a close relative, or because they think it normal to provide special care for the elderly. In some cases you may already know of someone in the household who is infirm or disabled. If you have reason to believe that someone within the household is receiving regular care because of age, infirmity or disability but this is not reported by the respondent you should ask 'And what about (NAME OF PERSON)? Do you look after them at all?' If the respondent does not agree, code answer given.

Mixed Mode Alternatives**Web Interview****Help**

Occasionally a person may not think of the care they provide as special because they either may have been looking after this person for a long time or because they view it as a natural obligation to look after a close relative, or because they think it normal to provide special care for the elderly. However, this type of caring should be included here.

Help

Exclude any care given in the course of employment (e.g. by social worker or home help) but include if they provide care unpaid outside working hours. Exclude work in drop-in centres, luncheon clubs or meals on wheels. Include any service provided including visiting, sitting with them, keeping company, taking out, checking whether or not they are alright, helping with bills etc, as well as help with housework, cooking and personal care (e.g. washing or dressing). Include only one-to-one caring so that if, for instance, someone helps with meals-on-wheels or driving people to hospital this, in itself, does not count since they may be seeing different people each day. If, on the other hand they are paired off with one specific elderly/disabled person, this would count. Include here cases where person cared for is in the same building as respondent but lives separately (e.g. a 'granny flat' or annexe). Some respondents will be caring for people as a voluntary worker rather than as a friend or relative. If caring for two parents living together, count each separately.

Mixed Mode Alternatives**Web Interview****Text**

Do you provide some regular service or help for any sick, disabled or elderly person not living with you? Please exclude any help that you provide as part of your job.

Help

Exclude any care given in the course of employment (e.g. as a social worker or home help) but include if you provide care unpaid outside working hours. Exclude work in drop-in centres, luncheon clubs or meals on wheels. Include any service provided including visiting, sitting with them, keeping company, taking out, checking whether or not they are alright, helping with bills etc, as well as help with housework, cooking and personal care (e.g. washing or dressing). Include only one-to-one caring so that if, for instance, you help with meals-on-wheels or driving people

to hospital, this does not count since you may be seeing different people each day. If, on the other hand you are paired off with one specific elderly/disabled person, this would count. Include here cases where person cared for is in the same building as you but lives separately (e.g. a 'granny flat' or annexe). If caring for two parents living together, count each separately.

Text

We would like to add records held by the Higher Education Statistics Agency, or HESA, to the answers you have given us. These records contain information on your higher education experiences, including the subjects you studied and the qualifications you received. All information will be used for research purposes only by academic or policy researchers under restricted access arrangements which make sure the information is used responsibly and safely.

Do you give permission for us to pass your name, postcode, sex, date of birth and higher education institution to HESA or contractor working on their behalf for this purpose?

Interviewer Instruction

IF THE RESPONDENT QUERIES, MORE INFORMATION ABOUT WHAT IS CONTAINED IN THE HESA RECORDS CAN BE FOUND ON THE WEBSITE WWW.HESA.AC.UK.

Options

1	Yes	Yes
2	No	No

Help

Through this data linkage we can learn about the higher education experience without having to ask lengthy questions that would be a burden to answer. It also helps us get the right information on all aspects of higher education, some of which may be hard for you, the survey respondent, to recall.

Linkage is important because researchers might want to study the role of higher education in promoting life chances, or what kinds of people are more likely to go into higher education than others.

The Higher Education Statistics Agency (HESA) is the official UK agency for the collection, analysis and dissemination of quantitative information about higher education. HESA receives data annually from all UK universities and higher education colleges about all of their students. The information is collected on behalf of the government departments and agencies who fund higher education. The data is only used for statistical research purposes and is not used to look up or identify individuals unless they give their explicit permission. The HESA website www.hesa.ac.uk has more information about HESA, its activities and its data protection policies.

Subject: Understanding Society: Adding Higher Education records

Dear [Name]

Thank you for taking part in the recent Understanding Society survey. Your continued help with this important social study is greatly appreciated.

During the interview this year, you gave us permission to link your survey responses to the data that is held about you by the education authorities. In order to carry out the data linkage we will pass on your name, address and date of birth to the data-holder so that they could identify your administrative records. Once identified, the file containing your administrative records will be anonymised (i.e. your personal details removed) and sent back to us with an identifier which will allow us to link those records to your survey responses. The anonymous dataset will then be created that will contain the linked data, which will be made available to social researchers under restricted access arrangements which make sure that the information is used responsibly and safely. The linked information will inform further analyses and help us get a better picture of those who are using services provided by the government. The government department will never have access to both your personal details and your survey responses at the same time and this will not affect any dealings you have with the department.

If you would like more information about the data linkage process, please check our website:
<http://www.understandingsociety.ac.uk/participants/he-records>

Thank you

Michaela Benzeval

Understanding Society Director

University of Essex

2. Additional information about email addresses

- a) If IV gives email address in CONTACTDETAILS_W5_REMAIL, email is sent to address given.
- b) If IV refuses email address in CONTACTDETAILS_W5_REMAIL, email is sent to address in the sample. For joiners and continuing respondents for whom there is no email address in the sample, no email will be sent.
- c) If IV's name is updated when doing the grid, email is addressed to the updated name.
- d) Email address updates in the HH grid are not recognised in the IV script. This is because we don't transfer updated email addresses from the household script to the IV script via the grid variables. The only scenario where this updated email will be used is if person 1 does the grid and the household interview. In all other cases an email will be sent out to the old email address.
- e) Information is not passed from the login script to the IV script as the grid variables are already set. Therefore updates to the person's name will not be recognised in the IV script and the email will include the previous name.
- f) If sample has been transferred from CAPI to CAWI, no emails will be sent because the mode type on the grid variables for those respondents would be CAPI and not CAWI.

Text

Can I just check, did you do any paid work **last week** - that is in the seven days ending last Sunday - either as an employee or self-employed?

Options

1	Yes	Yes
2	No	No

Help

Include:

*Employment for any number of hours, including Saturday jobs, and casual work, e.g. baby sitting, running mail-order clubs etc. NB Since some informants may not consider casual work to be serious work, please be prepared to probe those (e.g. housewives with dependent children, full-time students) to whom you feel this may apply.

*Anyone who was paid a wage or salary by an employer while attending an educational establishment.

*Someone working for any number of hours in a spouse's business as long as they were paid, i.e. received (or will receive) an amount of money in remuneration or a share of the profits.

*Someone working unpaid in a spouse's business provided they work 15 hours or more per week.

*Anyone else working in a friend's or relative's business, as long as he or she received (or will receive) an amount of money in remuneration or a share of the profits.

*Students on 'sandwich courses' currently with an employer or those on employer placements should be coded as employed only if they receive regular payment from the employer.

Student nurses: Nurses being trained under the PROJECT 2000 scheme which is mainly based in colleges outside hospitals should be regarded as full-time students. Unless they have other employment outside their PROJECT 2000 course they should be coded "No" at JBHAS and JBOFF. For student nurses always check if the nursing training course is part of PROJECT 2000 and proceed accordingly. If the respondent is unsure treat as employed.

Government Training Schemes: If a respondent was on such a scheme last week, they should be coded as employed if they are 'employer based'. This is defined as: 1) Last week they were with an employer or on a project providing work experience or practical training or 2) If they are normally 'employer based' but were away last week because of illness or for some other reason (including attending a college based course). If respondents are not normally 'employer based' that is they usually attend a college or other training centre, they should be coded "No" at JBHAS and JBOFF with the following exceptions: 1) those who have employment outside the training scheme. Code here as employed and take details of this secondary employment. 2) those sent on training schemes by employers who continue to pay their wages or salaries. Treat as employed and code "Attending training course" at JBOFFY. Record details of their job with the employer who has seconded them to the training scheme.

Mixed Mode Alternatives**Web Interview****Text**

Can we just check, did you do any paid work **last week** - that is in the seven days ending last Sunday - either as an employee or self-employed? Include employment for any number of hours, including casual work and Saturday jobs.

Help

Answer yes if:

*You were paid a wage or salary by an employer while attending an educational establishment.

*You worked some paid hours in your spouse's business i.e. received (or will receive) an amount of money in remuneration or a share of the profits.

*You worked unpaid in your spouse's business provided you work 15 hours or more per week.

*You worked in a friend's or relative's business, as long as you received (or will receive) an amount of money in remuneration or a share of the profits.

*You are a student on a 'sandwich course' currently with an employer, as long as you receive regular payment from your employer.

*You were on an 'employer based' Government Training Scheme.

Text

Leaving aside your own personal intentions and circumstances, is your job...

Interviewer Instruction

READ OUT

Options

1	A permanent job	A permanent job
2	Or is there some way that it is not permanent?	Or is there some way that it is not permanent?

Help

If respondent has more than one job, these questions should be answered with reference to their main job. The 'main job' is the highest paid. If equal earnings then it is the one with the longest hours. If a respondent is a seasonal worker who switches between jobs at different times of the year, then 'main job' is the one being done last week. Where a respondent changed jobs in the last week (that is in the seven days ending on the Sunday before interview) we require details of the job being done at the end of the week.

A permanent job is one which has no specific time limit even if a period of notice is required for dismissal.

Mixed Mode Alternatives

Web Interview

Text

Leaving aside your own personal intentions and circumstances, is your job a permanent job, or is there some way that it is not permanent?

Options

1	A permanent job	A permanent job
2	There is some way that it is not permanent	There is some way that it is not permanent

Help

A permanent job is one which has no specific time limit even if a period of notice is required for dismissal.

*Please answer these questions about your main job.

*If you have more than one job, the main job is the highest paid.

*If your jobs have equal earnings, the main job is the one with the most hours.

*If you are a seasonal worker with different jobs at different times of the year, please answer about the job being done at the end of last week.

Text

Are you an employee or self-employed?

Options

1	Employee	Employee
2	Self-employed	Self-employed

Help

Where there is doubt, try to find out how they are described for tax and National Insurance purposes. For self-employed, tax is not normally deducted at source but paid directly to the Inland Revenue. People working as child minders or odd-jobbing etc are usually classified as self-employed. If someone is self employed and works under contract to an employer, he or she may be treated as an employee for tax purposes (e.g. in the construction industry). Treat such people as self-employed. For all directors and managers who say that they are self-employed, check whether they work for a limited company. If they do, code them as employees for tax and NI purposes. An employee working through an agency (e.g. secretary, nurse etc) may either be an employee of that agency (i.e. the agency pays part of their NI contributions) or an employee with each different employer they go to.

Mixed Mode Alternatives**Web Interview****Help**

If unsure whether you are an employee or you are self-employed, consider how you are described for tax and National Insurance purposes.

*Self-employed people usually pay tax directly to the Inland Revenue rather than having it deducted at source.

*People working as child minders or odd-jobbing are usually classified as self-employed.

*If you are self-employed and working under contract to an employer (e.g. in the construction industry), you may be treated as an employee for tax purposes, but please say self-employed here.

*If you are a director or manager working for a limited company, please select employee.

*Someone working through an agency may be an employee of that agency (the agency pays part of their NI contributions) or an employee of each place they work at.

Text

Do you have any managerial duties or do you supervise any other employees?

Options

1	Manager	Manager
2	Foreman/supervisor	Foreman/supervisor
3	NOT manager or supervisor	NOT manager or supervisor

Help

A manager may manage other employees through supervisors or directly, and may have a more general responsibility for policy or long term planning. Foremen and supervisors have day-to-day control over a group of workers whom they supervise directly, sometimes themselves doing some of the work they supervise. Job titles can be misleading (e.g. a 'playground supervisor' supervises children, not employees and so should be coded not a supervisor). A stores manager may be a store-keeper and not a manager or supervisor of employees.

Mixed Mode Alternatives**Web Interview****Help**

This question is asking about management responsibilities over other people (i.e. work colleagues) either directly, or through supervisors.

11	Don't know but 25 or more	Don't know but 25 or more

Help

This is the total number of employees at the workplace, not just the number employed within the particular section or department in which the respondent works. Include part time and shift workers. If a respondent works from a depot or office (e.g. a service engineer), base the answer on the number of people who work from that depot. People employed by employment agencies should answer these questions with reference to the place at which they are currently working (or last worked) rather than the agency. Where someone employed by an agency worked at several different workplaces in the course of a week the answer should refer to the place where he or she worked the greatest number of hours. Similarly, people working for sub contractors or merchandisers within a larger workplace should answer with reference to the larger workplace (for example, school meals staff should answer with respect to the school rather than the kitchens, and people working on a fish stall franchise within a supermarket should answer with respect to the supermarket).

Mixed Mode Alternatives**Web Interview****Help**

Thinking about your (main) job, how many hours, excluding overtime and meal breaks, are you expected to work in a normal week?

Interviewer Instruction

IF NO NORMAL HOURS ASK FOR AVERAGE HOURS

Help

In the case of people permanently on call, probe for the total hours usually worked when on call (excluding overtime). If the hours vary or the work

is intermittent (e.g. casual workers), try to obtain the weekly average over the past few months.

Mixed Mode Alternatives

Web Interview

Help

*If your hours vary or the work is intermittent, please estimate the weekly average over the past few months.

*If you are permanently on call, please give the total hours usually worked when on call (excluding overtime).

Your take home pay last time was £ [PAYNL] {if PAYNL > 0} / [PAYGL] {if PAYNL = 0}. Is this the amount you usually receive (before any statutory sick pay or statutory maternity, paternity or adoption pay)?

Options

1	Yes	Yes
2	No	No

Help

'Usual pay' should be straightforward for the large majority of cases. If queried 'usually' means since the last change in circumstances affecting pay such as a pay rise or a change of job. Include bonus or overtime payments, if these are usually received. If the respondent is on short time the usual pay should be that received before short-time working began. For seasonal workers record the usual amount earned in a year.

Mixed Mode Alternatives

Web Interview**Help**

Text

We would like to add any records held by the National Employment Savings Trust (NEST), the government-backed pension scheme, to the responses you have given to this study. If you have an account with NEST, these records will include information they hold on your pension savings through employers who've enrolled you into NEST, and any savings you've made yourself into the scheme. Linking the information will help us to get a fuller picture about who saves with NEST and how their retirement savings are building up.

All information will be used for research purposes only. It will be used by academic or policy researchers under restricted access arrangements which make sure that the information is used responsibly and is held securely. If you decide that you no longer wish to take part in the study you can withdraw your consent at any time. If you withdraw consent, we will retain your NEST information up until that point after which time no further links to the personal data will be made.

Please read this leaflet explaining how we would like to attach your NEST records to the answers you have given in this study and ask me any questions.

INTERVIEWER - PLEASE HAND LEAFLET INFORMATION ON ADDING NEST RECORDS TO RESPONDENT AND ALLOW RESPONDENT TIME TO READ IT AND ASK QUESTIONS.

Under Data Protection Legislation we need you to give your consent for us to pass your name, post code, sex and date of birth to the National Employment Savings Trust (NEST) Corporation or a contractor conducting the linkage, so that they can identify whether you have a NEST account, and if so, to link this information to your survey responses. Are you happy to give us your consent?

Options

1	Respondent has read leaflet and is happy to give consent	Respondent has read leaflet and is happy to give consent

Subject: Understanding Society: Adding pension records

Dear [Name]

Thank you for taking part in the recent Understanding Society survey. Your continued help with this important social study is greatly appreciated.

During the interview this year, you gave us consent to link your survey responses to the data that is held about you by National Employment Savings Trust (NEST), the government-backed pension scheme. In order to carry out the data linkage we will need to pass on your name, address and date of birth to NEST so that they can identify your administrative records. Once identified, the file containing your administrative records will be anonymised (i.e. your personal details removed) and sent back to us with an identifier which will allow us to link those records to your survey responses. The anonymous dataset will then be created that will contain the linked data, which will be made available to social researchers under restricted access arrangements which make sure that the information is used responsibly and held securely.

The linked information will inform further analyses and help us get a better picture of those who are using services provided by NEST. NEST will never have access to both your personal details and your survey responses at the same time and this will not affect any dealings you have with NEST.

If you would like more information about the data linkage process, please check our website:
<http://www.understandingsociety.ac.uk/participants/nest-records>

Thank you

Michaela Benzeval

Understanding Society Director

University of Essex

2. Additional information about email addresses

a) If IV gives email address in CONTACTDETAILS_W5_REMAIL, email is sent to address given.

b) If IV refuses email address in CONTACTDETAILS_W5_REMAIL, email is sent to address in the sample. For joiners and continuing respondents for whom there is no email address in the sample, no email will be sent.

c) If IV's name is updated when doing the grid, email is addressed to the updated name.

d) Email address updates in the HH grid are not recognised in the IV script. This is because we don't transfer updated email addresses from the household script to the IV script via the grid variables. The only scenario where this updated email will be used is if person 1 does the grid and the household interview. In all other cases an email will be sent out to the old email address.

e) Information is not passed from the login script to the IV script as the grid variables are already set. Therefore updates to the person's name will not be recognised in the IV script and the email will include the previous name.

f) If sample has been transferred from CAPI to CAWI, no emails will be sent because the mode type on the grid variables for those respondents would be CAPI and not CAWI.

Text

Do you currently earn any money from a second job, odd jobs, or from work that you might do from time to time, apart from any main job you have?

Interviewer Instruction

INCLUDE BABYSITTING, MAIL ORDER AGENTS, POOLS AGENT ETC.

Options

1	Yes	Yes
2	No	No

Help

Those with a main job should be asked about any second job, odd jobs or work done from time to time, apart from that main job. Those with no (main) job should be asked about odd jobs or work done from time to time. Include any kind of work that generates income as a result of time or effort, e.g. professional or directors fees, income from a regular second job, casual work done for friends or neighbours or income from the sale of items or produce. Include only work that generates actual income, exclude any where payment is in kind or reciprocal services.

Mixed Mode Alternatives

One of the most important parts of our research is how people are getting by financially these days. We have found that we need to ask about a number of different types of income, otherwise our results could be misleading. Please think about ALL of the extra sources of income you receive, as well as any benefits or tax credits. If you are at all unsure about whether something would count, you can check with me. {if GRIDVARIABLES.ModeType = 1 | 2} We'd like to remind you that anything you tell us is completely confidential.

3	Child Benefit	Child Benefit
4	Universal Credit	Universal Credit
96	None of these	None of these

Help

Code 1: Income Support replaced Supplementary Benefit (sometimes called Social Security Benefit) and is often paid along with other benefits as a supplement. Any maintenance payments from a former or separated spouse or for child support which are paid through the DWP or other government agencies should not be included as Income Support.

Code 2: Job Seeker's Allowance replaced Unemployment Benefit in October 1996. Those receiving JSA are capable of work and available for work and actively seeking work and have a current Job Seeker's agreement with the Employment Service. Full-time students, those on temporary release from prison and those receiving maternity allowance or statutory maternity pay are not eligible for JSA. There are two types of JSA - Contribution-based and Income-based. The Contribution-based component is paid in the first 26 weeks of unemployment if enough NI

contributions have been paid. The Income-based component is a means-tested benefit (paid after 26 weeks for those who qualify for Contribution-based and pass the means-test) and is being replaced by Universal Credit.

Code 3: Child Benefit is a payment for those who are responsible for a child under 16 or over 16 and in relevant education or training. It is normally paid to the mother (unless there is none in the household) and should be shown as her income. Where it is paid into a joint bank account this should still be recorded as the mother's income.

Code 4: From October 2013 Universal Credit replaces Income Support, income-based Job Seeker's Allowance, income-related Employment Support Allowance, Housing Benefit, Child Tax Credit and Working Tax Credit.

You say you receive the State Retirement Pension. Does this include any income from the State Earnings Related Pension Scheme, also known as SERPS?

Options

1	Yes	Yes
2	No	No

Help

SERPS (the State Earnings Related Pension Scheme) was also known as the additional State Pension. It ran from 6 April 1978 to 5 April 2002 when it was reformed by the State Second Pension. A person who was in employment may have paid into SERPS. It will not be received if the respondent 'contracted out' of the state scheme into a private pension scheme.

Help
Code 1: Incapacity Benefit replaced NI Sickness Benefit and Invalidity Benefit in April 1995.
Code 3: Severe Disablement Allowance is for people of working age who have not been able to work for at least 28 weeks but who cannot get Incapacity Benefit. Married women unable to perform household work may also receive it.
Code 4: Carer's Allowance is for people of working age who give up working to look after someone receiving Attendance Allowance or Disability Living Allowance.
Codes 5 & 7: The Disability Living Allowance replaced the Attendance Allowance for those under 66. For those over 66 it is still the Attendance Allowance. Where the person is under 16 the Allowance will normally be paid to the person responsible for them. In such cases it should be recorded as income on the questionnaire for the responsible adult for the child. Where someone is 16 or over this should be recorded on the person's own questionnaire.
Code 10: Sickness and Accident Insurance includes any payments to compensate for lost wages during time off work through sickness.
Code 12: Personal Independence Payment (PIP) started to replace Disability Living Allowance (DLA) from 8 April 2013 for people aged 16 to 64 with a long-term health condition or disability.

Help

Code 2: Maternity Allowance applies only to women not eligible for Statutory Maternity Pay. Usually women receiving Maternity Allowance will be either self-employed or will have recently changed jobs.

Code 5: Working Tax Credit replaced Working Families Tax Credit and Disabled Person's Tax Credit in April 2003. It is paid to families with at least one dependent child or those with a disability who are working. In some cases it can be paid alongside JSA or income support for those not working. If the respondent qualifies for the childcare element of Working Tax Credit, this will always be paid with the Child Tax Credit, even if the respondent is not themselves in receipt of Working Tax Credit. It is, nevertheless, replaced by Universal Credit.

Code 6: Council Tax Reduction, formerly Council Tax Benefit, is usually credited to the council directly, so the benefit would show on a reduced tax bill. This can include reductions for being in receipt of other benefits but also discounts and exemptions under various circumstances including being a student, being a single person household, pensioners, or having someone in the household who is in receipt of social care. Please record the value of the reduction.

Code 8: Housing Benefit is benefit paid to help with housing costs, either by the DWP or the Local Authority. Include here only if it is paid direct to the respondent. It is being replaced by Universal Credit.

Module Benefits_w10. *Unearned Income and State Benefits module*

Benefits_w10.MisSource. *Income source enumerated at previous wave but not current wave*

Type	Decimals	Width	Don't Know	Refused	Inapplicable	Missing
number	0	1	-1	-2	-8	-9

Source

UKHLS

Version

1.0

Scripting Notes

MisSource is an indicator designed to identify benefit and unearned income sources that were not recorded at the current wave but were recorded at the previous wave. A flag is created for each unearned income source if it has been coded as received in the current interview. This flag is then compared with the ff variable for that income source.

If enumerated at wave t-1 and enumerated at wave t then MisSource = 0.

If not enumerated at wave t-1 and not enumerated at wave t then MisSource = 0.

If not enumerated at wave t-1 but enumerated at wave t then MisSource = 0.

If enumerated at wave t-1 but not at wave t then MisSource = 1.

This calculation becomes more complicated once Universal Credit has been introduced, because the answer at the current wave will be Universal Credit and at the previous wave it will be something else (but mean the same thing). Hence this extra code....

If lstrtdat after 31/03/2013, code MisSource = 0 if claims Personal Independence Payment (BenDis = 12) and at t-1 respondent claims Disability Living Allowance (ff_bentype10).

If lstrtdat after 30/09/2013, code MisSource = 0 if claims Universal Credit (BenBase = 4) and at t-1 respondent had claimed Income Support (ff_bentype15), Job Seeker's Allowance (ff_bentype16), Employment Support Allowance (ff_bentype33), Housing Benefit (ff_bentype22), Rent Rebate (ff_bentype31), Child Tax Credit (ff_bentype19) or Working Tax Credit (ff_bentype20).

Text

Now thinking further about pensions, with a defined contribution pension you build up a pot of money that you can then use to provide an income in retirement. This differs from defined benefit schemes, which promise a specific income in retirement. Changes to the law mean it is now easier to withdraw cash sums from pension pots in some circumstances. Do you have any **defined contribution** pension pots that you can now withdraw cash sums from?

Maintenance arrangements are sometimes made by parents, if they do not live together, to help support any children. These can be regular payments made through Court Orders, through the Child Maintenance Service or just made privately between the parents without involving the CMS or Courts. A private or family based arrangement could also include payments for specific things like school fees, clothing or holidays, or even involve non-financial help like shared care.

I'd now like to ask you some more details about the maintenance payments you receive. {if *BENEFITS.BenSta* = 4} / I'd now like to ask you about any maintenance payments you could receive for your children. {if *BENEFITS.BenSta* is not equal to 4}

Has the Child Maintenance Service, or CMS, made a calculation, instructing a previous partner to pay maintenance to you or any children?

Interviewer Instruction

ADD IF NECESSARY "DOCUMENTS SUCH AS LETTERS FROM THE CHILD MAINTENANCE SERVICE OR YOUR OWN AGREEMENTS

WITH YOUR PARTNER MAY HELP YOU TO ANSWER THESE QUESTIONS."
NOTE, RESPONDENT MAY NOT THINK OF CHILD'S PARENT AS A "PREVIOUS PARTNER".

Help

A family-based arrangement(FBA) is where parents agree between themselves how to continue providing for their child(ren) after they separate.

It can be a formal agreement, for example written down in any FBA form/parenting plan -- **in Scotland Only**, a minute of agreement can count as a family-based arrangement, or it can be an informal agreement, for example a promise or pledge made verbally.

Parents can choose what to include in an FBA, for example who will provide what support for a child and how often. There is no set format, but a family-based arrangement can be:

- * Providing money regularly and at an agreed level specifically for the benefit of the child
- * paying for agreed things from time to time for the benefit of the child (e.g., after-school clubs, school fees, holidays, pocket money, etc.,)
- * non-financial contributions specifically for the benefit of the child (e.g., food clothes or contributing towards childcare)
- * sharing looking after the child

Or any combination of the above.

Text

Apart from CMS calculations or court orders, parents might make private, or family based, arrangements for the care of their children. These can be either formalised in writing or arranged informally. They might involve regular payments, payments for specific things like school fees, holidays or pocket money, or non-financial help such as providing clothing or sharing care.

Do you have a private arrangement that you should receive either financial or non-financial contributions from a previous partner either on behalf of yourself, or any children?

Interviewer Instruction

ADD IF NECESSARY "BY A PRIVATE AGREEMENT WE MEAN ONE THAT HAS NOT BEEN SET-UP USING THE CHILD MAINTENANCE SERVICE OR VIA A COURT ORDER."

IF ANSWERS "YES", PROBE WHETHER THIS IS FOR THEMSELVES, THEIR CHILDREN OR BOTH

Options

1	Yes, for myself	Yes, for myself
2	Yes, for my children	Yes, for my children
3	Yes, for both myself and my children	Yes, for both myself and my children
4	No	No

Help

A family-based arrangement(FBA) is where parents agree between themselves how to continue providing for their child(ren) after they separate.

It can be a formal agreement, for example written down in any FBA form/parenting plan -- **in Scotland Only**, a minute of agreement can count as a family-based arrangement, or it can be an informal agreement, for example a promise or pledge made verbally.

Parents can choose what to include in an FBA, for example who will provide what support for a child and how often. There is no set format, but a family-based arrangement can be:

- * Providing money regularly and at an agreed level specifically for the benefit of the child
- * paying for agreed things from time to time for the benefit of the child (e.g., after-school clubs, school fees, holidays, pocket money, etc.,)
- * non-financial contributions specifically for the benefit of the child (e.g., food clothes or contributing towards childcare)
- * Sharing looking after the child

Or any combination of the above.

I'd like to ask some questions about each person with whom you've had children. So that I don't ask the same set of questions twice, I need to record which children you had with each of your partners. We don't need your partner's name, but we'll use a code to identify which children have the same parent.

Interviewer Instruction

RECORD MOTHER/FATHER CODE.

RECORD WHICH CHILDREN HAVE THE SAME MOTHER/FATHER, USING CODES TO INDICATE WHICH CHILDREN HAVE THE SAME PARENT RATHER THAN RECORDING ACTUAL NAMES

SO, START WITH THE FIRST CHILD IN YOUR LIST AND CODE THEIR PARENT AS '1', AND CHECK WHICH OTHER CHILDREN HAVE THE SAME PARENT AND ALSO CODE THEM AS '1'.

THEN FOR RESPONDENT'S SECOND EX-PARTNER CODE ALL THE CHILDREN THAT THEY HAD TOGETHER AS CODE '2', AND SO ON.

We would like to add records held by HM Revenue and Customs, or HMRC, containing information on your employment and self-employment history, your income, National Insurance contributions and tax credits. All information will be used for research purposes only by academic or policy researchers under restricted access arrangements which make sure that the information is used responsibly and safely.

Please read this leaflet explaining how we would like to attach your HMRC records to the answers you have given in this study.

<https://www.understandingsociety.ac.uk/participants/employment-records>

Do you give permission for us to pass your name, address, sex and date of birth to HMRC for this purpose?

Subject: Understanding Society: Adding employment history records

Dear [Name]

Thank you for taking part in the recent Understanding Society survey. Your continued help with this important social study is greatly appreciated.

During the interview this year, you gave us permission to link your survey responses to the data that is held about you by the HMRC. In order to carry out the data linkage we will pass on your name, address and date of birth to the HMRC so that they could identify your administrative records. Once identified, the file containing your administrative records will be anonymised (i.e. your personal details removed) and sent back to us with an identifier which will allow us to link those records to your survey responses. The anonymous dataset will then be created that will contain the linked data, which will be made available to social researchers under restricted access arrangements which make sure that the information is used responsibly and safely. The linked information will inform further analyses and help us get a better picture of those who are using services provided by the government. The government department will never have access to both your personal details and your survey responses at the same time and this will not affect any dealings you have with the department.

If you would like more information about the data linkage process, please check our website:

<https://www.understandingsociety.ac.uk/participants/employment-records>

Thank you

Michaela Benzeval

Understanding Society Director

University of Essex

2. Additional information about email addresses

a) If IV gives email address in CONTACTDETAILS_W5_REMAIL, email is sent to address given.

b) If IV refuses email address in CONTACTDETAILS_W5_REMAIL, email is sent to address in the sample. For joiners and continuing respondents for whom there is no email address in the sample, no email will be sent.

c) If IV's name is updated when doing the grid, email is addressed to the updated name.

d) Email address updates in the HH grid are not recognised in the IV script. This is because we don't transfer updated email addresses from the household script to the IV script via the grid variables. The only scenario where this updated email will be used is if person 1 does the grid and the household interview. In all other cases an email will be sent out to the old email address.

e) Information is not passed from the login script to the IV script as the grid variables are already set. Therefore updates to the person's name will not be recognised in the IV script and the email will include the previous name.

f) If sample has been transferred from CAPI to CAWI, no emails will be sent because the mode type on the grid variables for those respondents would be CAPI and not CAWI.

Sometimes people move homes and forget to let us know. It's really helpful to have the contact details of someone such as a relative or friend who would be able to let us know how to contact you. So it would be great if you could give us the details of someone who could simply put us back in touch with you.

Please let this person know that you have given us their details. These are only for the survey team and will not be passed on to anyone else. The information will be stored securely. We only use their contact details if we can no longer contact you, and the person you nominate will only ever be asked how to contact you.

Last year, you told us that `[ff_ctname]` `[, who is your [ff_ctrel], {if ff_ctrel NOT DK|REF|MIS}]` would know where to find you if you had moved. Are the following details correct?

Please select any details that are INCORRECT. If you would like to change the contact person, please select all details as incorrect and update them at the next screen. `{if WEB}`

Interviewer Instruction

READ OUT AND CODE EACH THAT NEEDS CHANGING OR CORRECTION. IF NECESSARY, REASSURE RESPONDENT THAT THESE DETAILS ARE FOR THE SURVEY TEAM ONLY. THE DETAILS DO NOT GET PASSED TO ANYONE ELSE AND WILL BE STORED SECURELY. THE PERSON NOMINATED WILL ONLY BE ASKED HOW TO CONTACT THE RESPONDENT SO THAT THEY CAN CONTINUE TO BE PART OF THE SURVEY

YOU WILL BE ASKED TO ENTER ANY INFORMATION THAT IS MISSING FOR THIS STABLE CONTACT. IF NONE IS AVAILABLE, CODE DON'T KNOW AT THE FOLLOWING QUESTIONS.

IF RESPONDENT SPECIFIES A DIFFERENT CONTACT PERSON THEN INDICATE A CHANGE IN CONTACT'S NAME.

Options

Text

Sometimes people move homes and forget to let us know. It's really helpful to have the contact details of someone such as a relative or friend who would be able to let us know how to contact you. So it would be great if you could give us the details of someone who could simply put us back in touch with you. *{if ff_ctname = MIS|DK|REF}*

Please let this person know that you have given us their details. These are only for the survey team and will not be passed on to anyone else. The information will be stored securely. We only use their contact details if we can no longer contact you, and the person you nominate will only ever be asked how to contact you. *{if ff_ctname = MIS|DK|REF}*

What is your contact's name and title?

Thank you for telling us about you and your experiences, you have been a great help.

Your survey responses have now been submitted. To find out more about how Understanding Society data are used visit www.understandingsociety.ac.uk

Children aged 10 to 15 can take part in the study as well. We will shortly send you a youth questionnaire by post and we will encourage you to have your *[child/children]* aged 10 to 15 complete it. Thanks! *{if GRIDVARIABLES.NCh10to15 greater than 0}*

Text

Is there anyone living with `[NAME]` who is sick, disabled or elderly whom `[NAME]` looks after or gives special help to (for example, a sick, disabled or elderly relative/husband/wife/friend etc)?

Options

1	Yes	Yes
2	No	No

Help

Occasionally a person may not think of the care they provide as special because they either may have been looking after this person for a long time or because they view it as a natural obligation to look after a close relative, or because they think it normal to provide special care for the elderly. In some cases you may already know of someone in the household who is infirm or disabled. If you have reason to believe that someone within the household is receiving regular care because of age, infirmity or disability but this is not reported by the respondent you should ask 'And what about (NAME OF PERSON)? Does `[NAME OF PROXY]` look after them at all?' If the respondent does not agree, code answer given.

Text

Did [NAME] do any paid work last week - that is in the seven days ending last Sunday - either as an employee or self-employed?

Options

1	Yes	Yes
2	No	No

Help

Include:

*Employment for any number of hours, including Saturday jobs, and casual work, e.g. baby sitting, running mail-order clubs etc. NB Since some informants may not consider casual work to be serious work, please be prepared to probe those (e.g. housewives with dependent children, full-time students) to whom you feel this may apply.

*Anyone who was paid a wage or salary by an employer while attending an educational establishment.

*Someone working for any number of hours in a spouse's business as long as they were paid, i.e. received (or will receive) an amount of money in remuneration or a share of the profits.

*Someone working unpaid in a spouse's business provided they work 15 hours or more per week.

*Anyone else working in a friend's or relative's business, as long as he or she received (or will receive) an amount of money in remuneration or a

share of the profits.

*Students on 'sandwich courses' currently with an employer or those on employer placements should be coded as employed only if they receive regular payment from the employer.

Student nurses: Nurses being trained under the PROJECT 2000 scheme which is mainly based in colleges outside hospitals should be regarded as full-time students. Unless they have other employment outside their PROJECT 2000 course they should be coded 2 at JBHAS and JBOFF. For student nurses always check if the nursing training course is part of PROJECT 2000 and proceed accordingly. If the respondent is unsure treat as employed.

Government Training Schemes: If a respondent was on such a scheme last week, they should be coded as employed if they are 'employer based'. This is defined as: 1) Last week they were with an employer or on a project providing work experience or practical training or 2) if they are normally 'employer based' but were away last week because of illness or for some other reason (including attending a college based course). If respondents are not normally 'employer based' that is they usually attend a college or other training centre, they should be coded 2 at JBHAS and JBOFF with the following exceptions: 1) those who have employment outside the training scheme. Code here as employed and take details of this secondary employment. 2) those sent on training schemes by employers who continue to pay their wages or salaries. Treat as employed and code 4 at JBOFFY. Record details of their job with the employer who has seconded them to the training scheme.

Is [NAME] an employee or self-employed?

Options

1	Employee	Employee
2	Self-employed	Self-employed

Help

Where there is doubt, try to find out how they are described for tax and National Insurance purposes. For self-employed, tax is not normally deducted at source but paid directly to the Inland Revenue. People working as child minders or odd-jobbing etc are usually classified as self-employed. If someone is self employed and works under contract to an employer, he or she may be treated as an employee for tax purposes (e.g. in the construction industry). Treat such people as self-employed. For all directors and managers who say that they are self-employed, check whether they work for a limited company. If they do, code them as employees for tax and NI purposes. An employee working through an agency (e.g. secretary, nurse etc) may either be an employee of that agency (i.e. the agency pays part of their NI contributions) or an employee with each different employer they go to.

Does [NAME] have any managerial duties or does [NAME] supervise any other employees?

Options

1	Manager	Manager
2	Foreman/supervisor	Foreman/supervisor
3	NOT manager or supervisor	NOT manager or supervisor

Help

A manager may manage other employees through supervisors or directly, and may have a more general responsibility for policy or long term planning. Foremen and supervisors have day-to-day control over a group of workers whom they supervise directly, sometimes themselves doing some of the work they supervise. Job titles can be misleading (e.g. a 'playground supervisor' supervises children, not employees and so should be coded not a supervisor). A stores manager may be a store-keeper and not a manager or supervisor of employees.
